Dear Geoff

Following our meeting on 27 June 2007 I have pleasure in attaching ten copies of the revised red line drawing which we are submitting at your request.

As I explained at the meeting we will be making no changes to the fabric of the building known as Block C and I confirm that it will be used for purposes ancillary to the School.

It would be helpful if you can confirm that this revision will not require any amendment to our application for Listed Building Consent, cause any difficulties for any statutory consultees or require you to enter into any further consultation. I am grateful for your earlier confirmation that this will not affect the timescale.

All good wishes
