Dear Cecilia

Thank you for your letter the contents of which are noted. I can advise that Lucy our ecologist is considering the information provided. However I can not commit to meeting the deadlines that you have set. The Local Planning Authority will confirm our position in due course regarding the Statement submitted. It would be appropriate to advise you that the onus of responsibility is on the applicant to comply with the requirements of any planning conditions and the terms of the Section 106 agreement. In this regard you are advised to satisfy yourself on this point and not to undertake any works where you unclear about this without reference to the Local Planning Authority.

regards

Sarah James
