Dear Sarah James,

10/04015/FUL - Cautletts Close, Midsomer Norton – Commencement on the Land

We are aware of the requirement to notify the Council within two weeks of our intention to commence works on the Land. Please accept this letter as confirmation that we intend to start works on site on or after the 14th November, principally in relation to the demolition of 100 Withies Park. The definition of Commencement within the Section 106 excludes clearance operations nevertheless, we thought it prudent to advise you.

In addition, the Precautionary Method of Working in relation to the ecological works was submitted to the Council for approval on the 27th October. We intend to use it for the purposes of informing our site operatives regarding the value of the ecology of the area. A member of staff from Ecology Solutions will be arranging the appropriate briefings. We would be grateful if approval to the documents submitted could be arranged prior to this date.

In the event of any queries, please do not hesitate to contact me directly.

Yours sincerely

Cecelia Hughes
Planner
